Northbridge Lettings

Photograph of a solar photovoltaic generation meter

Photographic record of the solar panel reading for Flat 10, 180 Alder Lane, Cedarford, ZZ3 4ZZ.

Single Phase Watt Meter

1000 imp/kWh

Solar PV System Point of emergency switching

I ON

Juniper Utilities

Observations

- The meter’s digital display appears to show 16845.
- The meter is fitted with a red rotary isolator; its position is marked I ON.
- A yellow warning label identifies the switch as the solar PV system emergency switching point.

Findings

- The photograph records a reading on a single-phase watt meter associated with a solar PV system.

Conclusions

- The image serves as a photographic record of the solar panel meter reading.
